VERDICT IS GUILTY.

New York, Oct. 17.—a verdict of guilty of granting rebates on sugar shipments was returned by a jury in the United States court here to-day against the New York Central Railway Company and Fredrick L. Pomeroy, the company's general traffic manager.

Sentence was deferred until Friday to permit the attorney for the defence to file motions with the court.

In discussing the jury's verdict Austen G. Fox, counsel for the defendant, placed responsibility for conviction upon public opinion.

"You can't defend rebate cases in the present state of public opinion," he said.

The charge against the New York Central and Pomeroy was based upon indictments found by the United States grand jury after many months investigation.

It was alleged that the defendant entered into an arrangement with the American Sugar Refining company, whereby Edgar and Son, of Detroit, were favored by a reduction of five cents per hundred weight on sugar shipments from New York to Detroit from the regular traffic rates.

According to the provisions of the Elkins act, under which the convictions were secured, the maximum penalty is a fine of \$20,000. As both the Central and personal defendant, Fredrick L. Pomeroy, are convicted by the decision of the jury, on all of the six counts, charged in the indictment, the total fine for each could be \$120,000.

TOLD HE MUST DIE; NEGRO THANKS JUDGE.

Richmond Va., Oct. 16.—"I thank you, sir," said James Moore, murderer, when Judge Witt had pronounced the last words of the death sentence upon him in the bustling court this morning.

"I thank you sir," the negro said, "but I didn't have a fair trial."

Moore will be hanged in the yard of the city jail December 14, unless a stay of execution of the court's sentence is obtained by his lawyers.

The crime for which he is to die for is the murder of Carrie Meekins, whom he shot in the back and killed May 24, in Lincoln's alley. Jealousy is supposed to have been the motive for the deed. Both the murderer and his victim were disreputable characters.

His attorneys were D. Meade White and George B. White. A plea of accidental shooting was the defence offered.

Counsel for the prisoner moved to set aside the verdict. The motion was overruled and the court proceeded to pass sentence, after complimenting the jury.

Commonwealth's Attorney Mintree Folkes conducted the prosecution.

An Old One One, but Not Bad.

Colonel Percy Hoobs, of the English army, is in America for the purpose of making an inspection of American meat products. As you have heard Mary had a little lamb it was taken sick, she sent it to the packing town and it came back labeled chicken.

"I have come over to your country unbiased and unprejudiced," Colonel Hobb said in New York. "Groundless stories are always to be heard about food adulteration, but in my work I do not permit such rumors to influence me." He smiled.

If we believe all we heard about the worldwide adulteration of food," he said, "we would be in the position of the English clergyman upon whom his son placed a trick.

This clergyman happened to tell his son on Saturday afternoon what lesson he would read in church the next morning. The boy got hold of his father's Bible, found the lesson's place, and glued together the connecting pages. In consequence, the clergyman read to his flock the following day that

"When Noah was 120 years old he took unto himself a wife, who was—(here he turned the page)—140 cubits long, 40 cubits, built of gopher wood, and covered with pitch in and out."

After reading the passage the clergyman read it again to verify it. Then pushing back his spectacles, he looked gravely at the congregation and said: "My friends, this is the first time I ever read that in the Bible, but I accept it as evidence of the assertion that we are fearfully and wonderfully made."

Huntsman Killed Tame Geese.

Suffolk Va., Oct. 17.—Several young men had a sore shooting trip down the Nansmond river and before arriving home encountered an expense item which was not on the program.

Down near a river bend not far from Suffolk they saw swimming in the water a flock of birds which they took to be a flock of wild ducks. One of the sportsmen fired and so good was his aim that two of the two of the birds were slain.

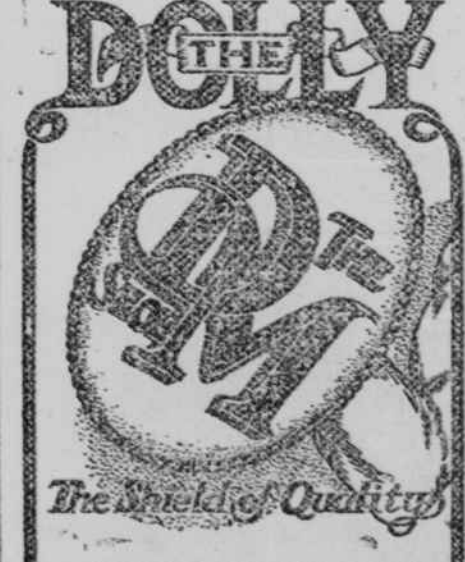

Later the dead ones were found to be domestic geese. The owner was not so well pleased, but it was arranged satisfactorily with a couple of dollars.—Virginia Pilot.
